Monthly Desert Locust Bulletin

issue38

July 2009

INTRRODUCTION

In the month of July there was no survey had been carried out .But collected news from the travelers came from the locust breeding areas are the following: -

Locust Situation

Locust situation had been calm in that month, because the locust breeding areas such as in the coastal areas had been started summer weather and started hot, and the plateau areas had not got sufficient rains which locust can breaded.

Rain

In that month of July very small rains were fallen in Marodi-jeeh region (Hargeisa) and Gabiley.

Vegetation

In the vegetation of all the regions were dried, expect very small areas on Maroodi-jeeh region such as Gabiley areas.

Soil Moisture

Soil moisture were dried mostly in the regions especially the coastal areas and the eastern region Sahil,Tog-dheer , Sool and Sanaag.

Forecasting

If the Ecological condition will be come favorable in the months of August and September it will be suspecting a locust to breed in the high plateau areas such as the mountains and sub-coastal areas.

HORDHAC

Bisha July ma jirin wax sahan ah oo la sameyey hase yeeshe sidii caadiga aheyd waxaa warar laga uriyey meelihii caadiyan lala xidhiidhi jirey ee wararka Ayaxa laga heli jirey sida Radios iyo dadka socotada ah ee ka soo gala wadooyinka.

Xaalada Ayaxa

Xaalada Ayaxu bishaas wey deganayd maxaa yelay dhinac xeebaha ee caadiyan Ayaxu ka dhasho waxaa ka jirey kulayl faro badan oo ah caadiyan kii xagaaga ka dhici jirey.Meelaha taagaga ah ee Ayaxu ka dhalanjireyna may jirin roobab waaweyn oo Ayax dhalin kara.

Roobka

Roobabku bishaas August wey yaraayen waxaa kaliya oo roobab aan badneyni ka daeen gobolka Maroodi-jeeh sida Gabiley iyo agagaarkeda.

Dhirta Iyo Daaqa

Xaalada dhirta iyo daaqu waxey aheyd qaleynta badan gobolada oo dhan inyar oo ka mid ah gobolka Maroodi-jeeh ayaa dhirta iyo daaqu cagaar aheyd meelahaas oo helay waxoogaa roobab ah .

Ciida

Ciidu bishaas gobolada oo dhan waxey aheyd qaleynta roob yaraan darteed inta yare e aan kor ku soo shegay ee gobolka Maroodi-jeeh gaar ahaan Gabiley oo inyar ciidu qoyaan aheyd mooyane.

Saadaalin

Waxaa aad loo filaya in bisha soo socta ee September roobaba wanaagsan la helo gaar ahaan meelaha taagaga ah ee gobolada Maroodi-jeeh iyo Awdal Deyrtuna ka bilaabmato gobolada bari .
